Bond Proposal

Frequently Asked Questions

May 7, 2024

When is the election?

Election Day is May 7, 2024. Polls will be open from 7 a.m. until 8 p.m. Absentee ballots will be available after March 28 and can be cast through Election Day. Macomb Township voters can vote early in person from April 27–May 5 from 9 a.m. until 5 p.m.

What is on the ballot?

On the ballot is a \$330 million bond proposal to update L’Anse Creuse Public Schools facilities, improve safety and security, **and** construct an Early Childhood Center and Multi-use Facility at the Pankow Center site. **It is projected that the bond will not increase the current tax rate.**

How is the bond proposal projected not to raise the current tax rate?

L’Anse Creuse Public Schools will extend the current tax rate for the entirety of the bond, which is projected not to require any tax rate increase to complete the projects. In addition, the bonds will be sold in three series, resulting in reduced interest costs.

Will my taxes decrease if the bond proposal is not approved?

No. Taxes will remain at the current level until 2029. At that point, the millage rate would slowly decrease until it completely falls off in 2040. At that point, any large-scale projects would require a tax rate increase.

What types of projects are being proposed with the bond?

The bond will fund proposed improvements at the elementary level, the middle school level, the high school level, Pellerin Center, Pankow Center, JAPAC, Wheeler Community Center and Administrative Offices, and the Brender Support Services Building.

All proposed projects fall into four main category areas:

1. Enhancing safety and security;
2. Enhancing arts and athletics;
3. Improving instructional spaces and technology; and,
4. Improving infrastructure and school sites.

Why is L'Anse Creuse Public Schools proposing a bond?

Mechanical systems, roofs, equipment, etc., eventually wear out and need to be replaced. In addition, teaching methods and resources have changed over the last 15-20 years. In the summer of 2023, LCPS administrators completed a facilities assessment. At the conclusion of that assessment, LCPS commissioned construction management and architectural specialists to conduct a further in-depth facilities study. Facility short- and long-term needs were identified, and a proposed project list was developed.

With multiple roofs to be replaced, interior and exterior updates to be made, technology to be replaced, safety and security improvements needed, and mechanical systems and equipment reaching the end of their useful life, LCPS is at a stage where large-scale facility projects that need to be completed exceed the scope of the operational budget.

When was the last bond proposal approved by voters?

The last bond proposal was approved by LCPS voters in 2005. As part of that proposal, school officials promised that if the proposed repairs and updates were completed, another bond proposal wouldn't be necessary for 10 years. With the commitment to be fiscally responsible with the 2005 bond funds, it has now been 19 years since the last bond proposal was approved by residents.

Roseville	2018
Chippewa	2018
Van Dyke	2008
Clintondale	2005
L'Anse Creuse	2005

Number of bond proposals surrounding school districts have passed 2005–2023

How were the bond proposal projects identified?

L'Anse Creuse Public Schools administrative staff annually completes an internal review of all school facilities as part of the school district's strategic plan.

In early 2023, school officials worked with architectural and construction management specialists to determine short- and long-term facility needs and to identify bond proposal projects. Identified projects were grouped into four categories:

1. Enhancing safety and security
2. Enhancing arts and athletics
3. Improving instructional spaces and technology
4. Improving infrastructure and school sites.

Following the development of the initial bond proposal projects, a series of focus panels were conducted to gain community, parent, staff, and student input on the bond projects under consideration.

In addition to the focus panels, the school district sought additional community and staff input about the proposed bond proposal projects through an online survey.

Community and staff feedback was reviewed, and the project list was finalized. The project costs were identified, and an application to the Michigan Department of Treasury was submitted for review and approval. The Board of Education set the election after receiving approval of the bond application from the Michigan Department of Treasury.

What requirements have been put in place to make sure bond proposal revenue will be properly spent?

Every project in the bond proposal has been reviewed and approved by the Michigan Department of Treasury. All renovations and upgrades must comply with the Americans with Disabilities Act (ADA) and Michigan building codes. Bond proposal funds must be used only for purposes specified in the ballot language, and as required by state law, they must be independently audited annually.

What safety and security updates will be completed?

The bond proposal will add an additional layer of security at all L'Anse Creuse Public Schools facilities. Projects include upgrading security cameras, entrance intercoms, key cards/fob access control, replacing select exterior doors, upgrading building exterior lighting, improving playgrounds and play surfaces, installing emergency alert systems, replacing PA systems, upgrading the phone system, and replacing fences and gates.

What technology updates are included with the bond?

The bond will support updates to the technology network and the purchase of instructional and non-instructional computers and audio/visual systems for all school sites. In addition, the bond proposal will provide a refresh of student devices in series 2 of the bond.

What fine arts improvements are included with the bond?

Arts improvements include adding four studios, renovating the music and art rooms at both high schools, purchasing band trailers and equipment, constructing a music program addition at LC HS-North, replacing the dance floor, and upgrading theater lighting at the Performing Arts Center.

What athletic improvements are included with the bond?

At Middle School-East and Middle School-South, exterior athletic spaces and furnishings will be replaced, and at MS-South, the gym telescoping bleachers will be replaced.

At LCHS, exterior athletic fields, exterior courts, and furnishings will be replaced, and the pool system equipment will be replaced. The softball and baseball fields will be upgraded to synthetic turf, the stadium scoreboard will be updated to digital, the stadium sound system will be upgraded, and the concessions building will be updated.

At LCHS-North, the pool system equipment and pool locker rooms will be replaced, and the tennis courts will be replaced. Synthetic turf will be added to the softball and baseball fields, the stadium scoreboard will be updated to digital, the stadium sound system will be upgraded, and the concessions building will be updated.

2024 BOND PROGRAM

EMPOWERING SUCCESS

honoring our legacy

Will paving and sidewalks be updated at all school sites?

Yes. The facility review process identified concrete curbs, sidewalks, parking lots, and drives that need to be addressed at each school site.

If the bond proposal is approved by voters, how will home values be affected?

All bond proposal projects are designed to reflect positively on L'Anse Creuse Public Schools. National research indicates that real estate values tend to be higher in communities with school districts that are perceived to offer a quality educational program and have up-to-date school facilities.

How will information about the bond proposal be shared with the community?

Information about the bond proposal will be shared with the community through direct mailings, social media, the school district website, community and staff presentations, and the news media to ensure that the community is well-informed and that answers are provided to questions people have.

Will all bond proposal revenue benefit L'Anse Creuse Public Schools?

Yes. All revenue from the bond proposal will benefit L'Anse Creuse Public Schools. None of the revenue will go to Lansing or any other school district or political entity.

What is the exact language for the bond proposal?

L'ANSE CREUSE PUBLIC SCHOOLS BOND PROPOSAL

Shall L'Anse Creuse Public Schools, Macomb County, Michigan, borrow the sum of not to exceed Three Hundred Thirty Million Dollars (\$330,000,000) and issue its general obligation unlimited tax bonds therefor, in one or more series, for the purpose of:

- remodeling, furnishing, and refurbishing and equipping and re-equipping school buildings, including for school security;
- erecting, furnishing, and equipping new school facilities and additions to school buildings;
- acquiring and installing instructional technology;
- equipping, preparing, developing, and improving athletic fields and facilities, playgrounds, and sites;
- acquiring sites; and
- purchasing school buses?

The following is for informational purposes only:

The estimated millage that will be levied for the proposed bonds in 2024, under current law, is 0.00 mill (\$0 on each \$1,000 of taxable valuation) for a -0- mill net increase over the prior year's levy. The maximum number of years the bonds of any series may be outstanding, exclusive of any refunding, is twenty-five (25) years. The estimated simple average annual millage anticipated to be required to retire this bond debt is 3.67 mills (\$3.67 on each \$1,000 of taxable valuation).

The school district expects to borrow from the State School Bond Qualification and Loan Program to pay debt service on these bonds. The estimated total principal amount of that borrowing is \$35,718,529 and the estimated total interest to be paid thereon is \$54,287,993. The estimated duration of the millage levy associated with that borrowing is 21 years and the estimated computed millage rate for such levy is 7.00 mills. The estimated computed millage rate may change based on changes in certain circumstances.

The total amount of qualified bonds currently outstanding is \$187,750,000. The total amount of qualified loans currently outstanding is approximately \$24,689,928.

(Pursuant to State law, expenditure of bond proceeds must be audited and the proceeds cannot be used for repair or maintenance costs, teacher, administrator or employee salaries, or other operating expenses.)

2024 BOND PROGRAM

EMPOWERING SUCCESS

honoring our legacy

What is a bond?

A bond is a funding process for an identified list of projects. When voters approve a bond proposal, the school district sells bonds in the authorized amount and uses the bond sale proceeds to pay for the bond proposal projects. Bonds are typically paid back in 20–30 years.

Bond proposals are a way for Michigan school districts to levy a tax to generate revenue that stays within the school district. The revenue from the bond proposal does not go to the State of Michigan to get distributed among all Michigan school districts.

Can bond proposal funds be used for employee salaries, repairs, maintenance, or operating expenses?

No. Bond proposal funds cannot be used for employee salaries. They also cannot be used for repair or maintenance costs or other operating expenses. Bond proposal funds must be used only for purposes specified in the ballot language, and, as required by Michigan law, they must be independently audited.

What can bonds be used for?

- Constructing new school buildings
- Constructing additions to existing school buildings
- Remodeling existing school buildings
- Energy conservation improvements
- Land purchases
- Site development and improvements
- Athletic and physical education facility development and improvements
- Playground development and improvements
- Direct bond program costs such as professional fees, election fees, issuance costs, qualification fees, insurance fees, and final audit costs
- School bus purchases
- Purchasing furnishings and equipment
- Technology purchases

What can bonds NOT be used for?

- Salaries, service contracts, lease payments, installment contracts, and supplies
- Repairs, maintenance, or maintenance agreements
- Purchasing automobiles, trucks, or vans
- Portable classrooms purchased for temporary use
- Uniforms
- Textbooks
- Upgrades to an existing computer operating system or application software
- Computer training, computer consulting, or computer maintenance contracts

2024 BOND PROGRAM

EMPOWERING SUCCESS

honoring our legacy

Will the sale of the bonds cover all bond proposal projects?

Yes. Bond proposal revenue is projected to complete all proposed projects.

A YES vote typically means that a voter supports a ballot proposal. Is that the case in this election?

Yes. Voters who support the L'Anse Creuse Public Schools bond proposal should vote YES; voters who oppose the bond proposal should vote NO.

Can the school district use COVID-19 relief funds to pay for bond proposal projects?

During the COVID-19 pandemic, the U.S. federal government passed several relief packages to help education. Michigan school districts received funds through these relief packages to support a variety of needs, such as ensuring safe reopening, addressing learning loss, providing technology for remote learning, and supporting the mental health and well-being of students and staff. The use of COVID-19 dollars had strict guidelines and a limited scope from the State of Michigan. The projects proposed for the LCPS bond proposal fall outside of the limited scope set by state and federal guidelines.

Does L'Anse Creuse Public Schools still receive COVID-19 relief funds?

No, COVID-19 relief funds have expired and will not be renewed. LCPS now pays for support services such as mental health, literacy, math specialists, and other services out of the general fund.

How are Michigan School Districts funded?

Michigan has a unique system for funding schools that is different from most other states. Each year, Michigan school districts are given a per-student allotment as part of the State of Michigan budget. Revenue for the student allotment is generated through numerous sources, including property taxes and a variety of other taxes paid by residents. The tax our residents pay does not directly go to L'Anse Creuse Public Schools but rather to the state and is then redistributed across all schools in Michigan. These dollars are primarily used to fund programs and employee salaries

SHM
Bond proposals, such as this one, must be approved by local voters, and the bond proceeds that district residents authorize go directly to L'Anse Creuse.

These dollars can be used for capital improvements, technology purchases, facility upgrades, and infrastructure improvements.

honoring our legacy

Voting Information

Who can vote in this election?

Residents of L'Anse Creuse Public Schools who will be 18 years of age or older on Election Day and are registered to vote can vote in this election.

How can I vote by absentee ballot?

Registered voters do not need a reason to vote by absentee ballot. You can request an absentee ballot application from your Clerk's Office or by going online to www.michigan.gov/vote and clicking on *Vote at Home*.

Absentee ballots will be available to voters after March 28 and can be cast through Election Day.

Macomb Township voters can vote early in person from April 27–May 5 from 9 a.m. until 5 p.m.

Where can I get information about voting (such as how to register, where to vote, and absentee voting)?

Go to the Michigan Voter Information website (www.michigan.gov/vote) or call your local clerk's office.

Do I need to update my voter registration to vote in this election?

You need to update your voter registration if you have changed your name or address since the last time you voted. You can do this at any Secretary of State Office or your local clerk's office.

Where can residents get more information and answers to their questions about the bond proposal?

Go to www.lc-ps.org and click on *Bond Election Info*.

2024 BOND PROGRAM

EMPOWERING SUCCESS

honoring our legacy

The May 7th bond will fund proposed improvements to LCPS schools and facilities.

All proposed projects fall into four main category areas:

1. Enhancing safety and security;
2. Improving infrastructure and school sites;
3. Improving instructional spaces and technology; and,
4. Enhancing arts and athletics.

What projects will be completed at Atwood Elementary School?

ENHANCING SAFETY AND SECURITY

- install emergency alert system
- replace select exterior doors
- replace PA systems
- upgrade phone system
- upgrade access control system
- replace fences and gates
- purchase radio/walkie-talkies
- upgrade site lighting and exterior lighting
- upgrade security camera system
- upgrade existing secure vestibule
- replace entrance intercoms

IMPROVING INSTRUCTIONAL SPACES AND TECHNOLOGY

- replace teacher, admin staff, and student computers
- replace student instructional devices
- purchase charging and storing stations
- refresh devices in series 2 of bond
- replace classroom AV devices (display, sound, PA, and document camera)
- replace AV in collaboration spaces and conference room
- replace cafeteria/stage AV system
- purchase STEM and robotics equipment
- purchase printers
- purchase furniture
- replace digital signage displays
- replace casework (countertops and hardware)
- replace flooring in classrooms, media center, offices, gym, cafeteria, and service area
- renovate space for emerging programs and special needs program
- upgrade power and wireless infrastructure to support technology
- upgrade classroom lighting to LED

IMPROVING INFRASTRUCTURE AND SCHOOL SITES

- replace select roofing
- replace select exterior masonry
- renovate kitchen (walk-ins and serving line)
- replace water heater and pump
- add water bottle fillers
- repave parking lot and sidewalks
- repave north lot including paved play
- update storage facilities
- upgrade site sign to digital
- renovate select restrooms
- replace HVAC system and upgrade temperature controls

ENHANCING PLAY, ARTS, AND ATHLETICS

- upgrade and replace playground equipment
- replace hard and soft play surfaces
- upgrade and improve athletic fields

Voting Information

**Vote at the polls May 7 from
7 a.m. until 8 p.m.**

OR

**Vote by absentee ballot after
March 28 through Election Day**

The May 7th bond will fund proposed improvements to LCPS schools and facilities.

All proposed projects fall into four main category areas:

1. Enhancing safety and security;
2. Improving infrastructure and school sites;
3. Improving instructional spaces and technology; and,
4. Enhancing arts and athletics.

What projects will be completed at Carkenord Elementary School?

ENHANCING SAFETY AND SECURITY

- install emergency alert system
- replace select exterior doors
- replace PA systems
- upgrade phone system
- upgrade access control system
- replace fences and gates
- purchase radio/walkie-talkies
- upgrade exterior lighting
- upgrade security camera system
- replace entrance intercoms
- upgrade existing secure vestibule

IMPROVING INSTRUCTIONAL SPACES AND TECHNOLOGY

- replace teacher, admin staff, and student computers
- replace student instructional devices
- purchase charging and storing stations
- refresh devices in series 2 of bond
- replace classroom AV devices (display, sound, PA, and document camera)
- replace AV in collaboration spaces and conference room
- replace cafeteria/stage AV system
- purchase STEM and robotics equipment
- purchase printers
- purchase furniture
- replace digital signage displays
- replace casework (countertops and hardware)
- replace flooring in classrooms, media center, offices, gym, cafeteria, and service area
- renovate space for emerging programs and special needs program
- upgrade power and wireless infrastructure to support technology
- upgrade classroom lighting to LED

IMPROVING INFRASTRUCTURE AND SCHOOL SITES

- replace select roofing
- replace select exterior masonry
- renovate kitchen (walk-ins and serving line)
- replace water heater and pump
- add water bottle fillers
- repave south lot and sidewalks
- repave north lot and drop-off loop
- update storage facilities
- upgrade site sign to digital
- renovate select restrooms
- replace HVAC system and upgrade temperature controls

ENHANCING PLAY, ARTS, AND ATHLETICS

- upgrade and replace playground equipment
- replace hard and soft play surfaces

Voting Information

**Vote at the polls May 7 from
7 a.m. until 8 p.m.**

OR

**Vote by absentee ballot after
March 28 through Election Day**

The May 7th bond will fund proposed improvements to LCPS schools and facilities.

All proposed projects fall into four main category areas:

1. Enhancing safety and security;
2. Improving infrastructure and school sites;
3. Improving instructional spaces and technology; and,
4. Enhancing arts and athletics.

What projects will be completed at Graham Elementary School/Early Childhood Center?

ENHANCING SAFETY AND SECURITY

- install emergency alert system
- replace select exterior doors
- replace PA systems
- upgrade phone system
- upgrade access control system
- replace fences and gates
- purchase radio/walkie-talkies
- upgrade exterior lighting
- upgrade security camera system
- replace entrance intercoms
- upgrade existing secure vestibule

IMPROVING INSTRUCTIONAL SPACES AND TECHNOLOGY

- replace teacher, admin staff, and student computers
- replace student instructional devices
- purchase charging and storing stations
- refresh devices in series 2 of bond
- replace classroom AV devices (display, sound, PA, and document camera)
- replace AV in collaboration spaces and conference room
- replace cafeteria/stage AV system
- purchase STEM and robotics equipment
- purchase printers
- purchase furniture
- replace digital signage displays
- replace casework (countertops and hardware)
- replace flooring in classrooms, media center, offices, gym, cafeteria, and service area
- renovate space for emerging programs and special needs program
- upgrade power and wireless infrastructure to support technology
- upgrade classroom lighting to LED

IMPROVING INFRASTRUCTURE AND SCHOOL SITES

- replace select roofing
- replace select exterior masonry
- renovate kitchen (office and serving line)
- replace kitchen equipment
- replace water heater and pump
- add water bottle fillers
- repave parking lot and replace underground stormwater management
- repave bus loops, driveways, and sidewalks
- update storage facilities
- upgrade site sign to digital
- renovate select restrooms
- replace HVAC system and upgrade temperature controls

ENHANCING PLAY, ARTS, AND ATHLETICS

- upgrade and replace playground equipment
- replace hard and soft play surfaces

Voting Information

**Vote at the polls May 7 from
7 a.m. until 8 p.m.**

OR

**Vote by absentee ballot after
March 28 through Election Day**

All proposed projects fall into four main category areas:

1. Enhancing safety and security;
2. Improving infrastructure and school sites;
3. Improving instructional spaces and technology; and,
4. Enhancing arts and athletics.

What projects will be completed at Green Elementary School?

ENHANCING SAFETY AND SECURITY

- install emergency alert system
- replace PA systems
- upgrade phone system
- upgrade access control system
- replace fences and gates
- purchase radio/walkie-talkies
- upgrade exterior lighting
- upgrade security camera system
- replace entrance intercoms
- upgrade existing secure vestibule

IMPROVING INSTRUCTIONAL SPACES AND TECHNOLOGY

- replace teacher, admin staff, and student computers
- replace student instructional devices
- purchase charging and storing stations
- refresh devices in series 2 of bond
- replace classroom AV devices (display, sound, PA, and document camera)
- replace AV in collaboration spaces and conference room
- replace cafeteria/stage AV system
- purchase STEM and robotics equipment
- purchase printers
- purchase furniture
- replace digital signage displays
- replace casework (countertops and hardware)
- replace flooring in classrooms, media center, offices, gym, cafeteria, and service area
- renovate space for emerging programs and special needs program
- upgrade power and wireless infrastructure to support technology
- upgrade classroom lighting to LED

IMPROVING INFRASTRUCTURE AND SCHOOL SITES

- replace select roofing

OR

**Vote by absentee ballot after
March 28 through Election Day**

The May 7th bond will fund proposed improvements to LCPS schools and facilities.

All proposed projects fall into four main category areas:

1. Enhancing safety and security;
2. Improving infrastructure and school sites;
3. Improving instructional spaces and technology; and,
4. Enhancing arts and athletics.

What projects will be completed at Higgins Elementary School?

ENHANCING SAFETY AND SECURITY

- install emergency alert system
- replace select exterior doors
- replace PA systems
- upgrade phone system
- upgrade access control system
- replace fences and gates
- purchase radio/walkie-talkies
- upgrade exterior lighting
- upgrade security camera system
- replace entrance intercoms
- upgrade existing secure vestibule

IMPROVING INSTRUCTIONAL SPACES AND TECHNOLOGY

- replace teacher, admin staff, and student computers
- replace student instructional devices
- purchase charging and storing stations
- refresh devices in series 2 of bond
- replace classroom AV devices (display, sound, PA, and document camera)
- replace AV in collaboration spaces and conference room
- replace cafeteria/stage AV system
- purchase STEM and robotics equipment
- purchase printers
- purchase furniture
- replace digital signage displays
- replace casework (countertops and hardware)
- replace flooring in classrooms, media center, offices, gym, cafeteria, and service area
- replace ceilings
- renovate space for emerging programs and special needs program
- upgrade power and wireless infrastructure to support technology
- upgrade classroom lighting to LED

IMPROVING INFRASTRUCTURE AND SCHOOL SITES

- replace select exterior masonry
- reroute roof overflow drainage
- renovate kitchen (walk-ins and serving line)
- purchase kitchen equipment
- replace water heater and pump
- add water bottle fillers
- repave southwest parking lot, driveways, and replace underground stormwater management
- repave Burdi north and south parking lots and sidewalks
- update storage facilities
- upgrade site sign to digital
- renovate select restrooms
- replace HVAC system and upgrade temperature controls

ENHANCING PLAY, ARTS, AND ATHLETICS

- upgrade and replace playground equipment
- replace hard and soft play surfaces
- upgrade and improve athletic fields

Voting Information

**Vote at the polls May 7 from
7 a.m. until 8 p.m.**

OR

**Vote by absentee ballot after
March 28 through Election Day**

March 28 through Election Day**

The May 7th bond will fund proposed improvements to LCPS schools and facilities.

All proposed projects fall into four main category areas:

1. Enhancing safety and security;
2. Improving infrastructure and school sites;
3. Improving instructional spaces and technology; and,
4. Enhancing arts and athletics.

What projects will be completed at Yacks Elementary School?

ENHANCING SAFETY AND SECURITY

- install emergency alert system
- replace select exterior doors
- replace PA systems
- upgrade phone system
- upgrade access control system
- replace fences and gates
- purchase radio/walkie-talkies
- upgrade exterior lighting
- upgrade security camera system
- replace entrance intercoms
- upgrade existing secure vestibule

IMPROVING INSTRUCTIONAL SPACES AND TECHNOLOGY

- replace teacher, admin staff, and student computers
- replace student iPads
- purchase charging and storing stations
- refresh devices in series 2 of bond
- replace classroom AV devices (display, sound, PA, and document camera)
- replace AV in collaboration spaces and conference room
- replace cafeteria/stage AV system
- purchase STEM and robotics equipment
- purchase printers
- purchase furniture
- replace digital signage displays
- replace flooring in classrooms, corridors, gym, cafeteria, and service area
- replace ceilings
- renovate space for emerging programs and special needs program
- upgrade power and wireless infrastructure to support technology
- upgrade classroom lighting to LED

IMPROVING INFRASTRUCTURE AND SCHOOL SITES

- replace select roofing
- replace select exterior masonry
- reroute roof overflow drainage
- renovate kitchen (walk-ins and serving line)
- replace water heater and pump
- add water bottle fillers
- repave south lot
- repave north lot, drop-off loop, and sidewalks
- update storage facilities
- upgrade site sign to digital
- renovate select restrooms
- replace HVAC system and upgrade temperature controls

ENHANCING PLAY, ARTS, AND ATHLETICS

- upgrade and replace playground equipment
- replace hard and soft play surfaces
- upgrade and improve athletic fields

Voting Information

**Vote at the polls May 7 from
7 a.m. until 8 p.m.**

OR

**Vote by absentee ballot after
March 28 through Election Day**

The May 7th bond will fund proposed improvements to LCPS schools and facilities.

All proposed projects fall into four main category areas:

1. Enhancing safety and security;
2. Improving infrastructure and school sites;
3. Improving instructional spaces and technology; and,
4. Enhancing arts and athletics.

What projects will be completed at Middle School-Central?

ENHANCING SAFETY AND SECURITY

- replace select exterior doors
- upgrade exterior lighting
- upgrade phone system
- upgrade security camera system
- replace entrance intercoms
- upgrade access control system
- install emergency alert system
- replace PA systems
- replaces fences and gates
- purchase radio/walkie-talkies

IMPROVING INSTRUCTIONAL SPACES AND TECHNOLOGY

- replace casework (countertops and hardware)
- replace flooring in band and choir rooms, select classrooms, cafeteria, music, science, and art rooms
- renovate space for emerging programs and special needs program
- upgrade power and wireless infrastructure to support technology
- upgrade classroom lighting to LED
- replace teacher, admin staff, and student computers
- replace student mobile devices
- purchase storage and charging stations
- refresh devices in series 2 of bond
- replace classroom AV (display, sound, PA, and document camera)
- replace AV in collaboration spaces and conference room
- update large group sound systems
- purchase printers
- purchase STEM/robotics equipment
- purchase furniture

IMPROVING INFRASTRUCTURE AND SCHOOL SITES

- replace select gutters and downspouts
- replace select exterior masonry
- replace exterior stucco with metal panels
- renovate select restrooms
- renovate kitchen (walk-ins and serving line)
- purchase kitchen equipment
- replace water heater and pump
- add water bottle fillers
- replace HVAC system and upgrade temperature controls
- repave lots, sidewalks, and replace underground stormwater structures
- replace curbs and concrete slabs
- update storage facilities
- upgrade site sign to digital

ENHANCING ARTS & ATHLETICS

- improve and upgrade athletic field at shared site

Voting Information

**Vote at the polls May 7 from
7 a.m. until 8 p.m.**

OR

**Vote by absentee ballot after
March 28 through Election Day**

The May 7th bond will fund proposed improvements to LCPS schools and facilities.

7 a.m. until 8 p.m.

OR

Vote by absentee ballot after
March 28 through Election Day

L'Anse Creuse Public Schools proposed Early Childhood Center

The proposed Early Childhood Center will be located on the Pankow Center site. The facility will provide a space for our community's growing population of young learners and enable LCPS to expand early childhood programming.

About the proposed Early Childhood Center

Currently, the school district has a waitlist for early childhood programming. Constructing a new facility will allow the school district to accept more students who live in the community. The ECC will also allow for expanded early childhood programming as the district grows and as the State of Michigan continues moving forward with universal preschool for all four-year-olds.

Research shows that children participating in early childhood education help children to develop skills that will benefit them in school and in life. Specifically, early childhood education can help children learn the foundational skills for reading, math, self-control, and positive relationships.*

The new LCPS Early Childhood Center will also make LCPS comparable to surrounding school districts that have recently built or expanded their early childhood centers.

Community and staff members who participated in focus panels and surveys supported the proposed location of the ECC as it is centrally located in the school district.

L'Anse Creuse Public Schools proposed Multi-use Facility

The facility will address the increasing demand for additional instructional, athletic, and extracurricular spaces. It will also reduce rental costs currently paid by the school district to host graduation ceremonies, staff training, and student events.

About the proposed Multi-use Facility

The multi-use facility will have instructional rooms, storage spaces, restrooms, and a secure entrance. It will provide flexible spaces for large and small group instructional programs such as the Science Olympiad, the robotics program, staff professional development, and space to support the Career Technical Education (CTE) programs.

The multi-use facility will also support the LCPS athletic programs and provide athletic spaces for practice and competition for tennis, pickleball, soccer, football, basketball, volleyball, batting and pitching cages, and a track.

By consolidating these functions within a multi-use facility, the school district will enhance its operational efficiency, create a learning environment that fosters student and staff collaboration, and support arts and athletic programs.
