SCHEDULING INSTRUCTIONS

1. Review your transcript.
2. Using the Course Sheets, select courses you would like to request for next school year. Teachers and Counselors can assist you with selecting your courses.
3. You will be scheduling for six class periods.
4. Courses are scheduled as one semester (one course number), full year or two semesters (two course numbers), and two periods (two course numbers).
5. Write the course number and course title in the spaces provided.
6. Teacher approval is required for ALL advanced courses. Take your course selection sheet to your current teachers to get appropriate signatures.
7. Please be sure to have a parent sign your Course Selection sheet approving your Course Requests, Advanced Placement Courses and/or Pankow Class.

AP COURSE ENROLLMENT AGREEMENT

AP course standards are designed by the College Board. The standards are intended to match the rigor and expectations of the college equivalent course. Our teachers have designed curriculum that teach the essential content within the standards. Therefore, AP courses are fast-paced and they will require the ability to analyze and synthesize information in a way that may be very challenging.

- Student-initiated learning with an emphasis on strong work ethic.
- Rigorous academic content and a high level of reading proficiency.
- More depth and complexity than typical high school courses.
- Application of content strategies.
- Consistent use of higher order thinking skills.
- Assignments are more analytical.
- High level of commitment to course work both in class and at home.

It is important to look closely at your student's total course load, outside commitments and extracurricular activities before committing to an AP course. It is typically best to begin with one AP course to see how it goes before taking on multiple AP courses at one time. Prior to registering, it would also be advantageous to speak with the AP teacher to get an idea of the expectations and essential prerequisite skills before committing.

By enrolling in an AP course you are **committing to a full year in the course!** It is important to understand that enrollment requirements and class sizes make it very difficult to offer these opportunities without requiring a full year commitment. Once you are scheduled for your AP course, we will require that you keep the course for the entire year. **Counselors cannot change AP courses!**

REDUCED INSTRUCTIONAL TIME

Students attending courses held at Fredrick V. Pankow Center will have a reduction in the number of instructional minutes due to the transportation time to and from Fredrick V. Pankow Center. Permission for the reduced time is allowable in accordance with the MDE policies as specified in the Pupil Membership Accounting and Auditing Manuals.
