

Late Bus Bulletin

There are times throughout the school year that we may encounter a late bus at the end of the school day. These delays may be due to field trips, mechanical difficulties, weather conditions, etc. The school is not informed of a late bus until the end of the day, so we are

unable to inform the parents ahead of time. If your child does not arrive home at the usual time, you may contact the school office at (586) 493-5630, or the Transportation department (586) 783-6550 to check on any bus delays.
