L'Anse Creuse High School
Revised Program for Electronic Communication Devices
2017-18 School Year

I. After four years of the Pilot Program for electronic devices, L'Anse Creuse High School has decided to update the program for the following reasons;

1. Rise in cheating through the usage of cell phones and social media.
2. An increase in online bullying both on and off campus.
3. An increase in student conflicts due to social media.
4. Continued disruptions to the academic environment.

II. For the 2017-18 School Year, the Pilot Program for electronic devices will reflect the following changes;

1. Absolutely no type of ear buds or head phones will be allowed during school hours. Students will be able to listen to music before or after school only.
2. All classrooms will be designated as "RED" rooms with no cell phone usage allowed at any time.
3. Students will not be allowed to carry/hold their cell phones during class time. Students have two options; (1) store phones in their assigned lockers or (2) store phones in assigned holders found at the front of the room.
4. Students will be permitted to use their cell phones during passing time and at lunch.
