## Safe Sleep Information

Are you helping your child sleep safe?

- Infants should always be placed on their back to sleep.
- Infants should always sleep alone in their crib.
- The sleeping area should be free of pillows, blankets, bumper pads and toys.
- The sheets should fit tightly on a firm mattress.
- Be certain that The crib does not have missing or broken hardware or slats.
- Dress your child warm enough so that a blanket isn't needed.
